

Kartik Pawar

CLOUD & DEVOPS ENGINEER

📍 Pune | 📞 +917887832809 | @ kartikpawar1290@gmail.com | 🔗 [LinkedIn](#) | 🐙 [Github](#) | 📁 [Portfolio](#)

Summary

Cloud & DevOps Engineer focused on delivering scalable, secure, and automated infrastructure solutions. Skilled in streamlining software delivery through CI/CD, containerization, and infrastructure as code. Strong background in system administration, scripting, and cloud-native technologies. Known for reducing deployment time, improving system reliability, and ensuring alignment between development and operations through automation and observability.

Experience

Borgward Technology India Private Limited
Cloud DevOps Intern

Aug 2024 - Jan 2025
Pune

- Automated infrastructure provisioning using Terraform, reduced manual setup time by **60%**.
- Built and maintained CI/CD pipelines using Jenkins and GitHub Actions, improving deployment frequency by **30%**.
- Monitored AWS resources via CloudWatch and optimized EC2 instance usage, cutting cloud costs by **20%**.
- Collaborated with a team of 5 to implement GitOps workflows, streamlining code integration and delivery.

Coding Savvy Pune
Web Developer Intern

Dec 2024 - Jan 2025
Pune

- Developed 5+ responsive web pages using HTML, CSS, and Bootstrap, improving site loading speed by **25%**.
- Integrated ReactJS components to enhance interactivity, increasing user engagement by **15%** (based on internal testing).
- Participated in daily standups and agile sprints, ensuring on-time delivery of all assigned tasks.

Education

Savitribai Phule Pune University
Information Technology
8.12 SGPA

2022 - Present
Bachelor of Engineering

Dhole Patil College of Engineering, Pune

Projects

- Swiggy Application Deployment (DevOps Mega Project)**
<https://github.com/Kartikpawar143/DevOps-Project-Swiggy>
- Solved manual and insecure deployments by automating CI/CD using **Jenkins, Terraform, and Docker**.
 - Integrated **SonarQube, OWASP, and Trivy** for security and code quality.
 - Achieved **70% faster deployments** and **90% fewer manual errors**.
